Late Smt. Shanta Chopra

The Founder of the St. Soldier Group
A Renowned Educationist, enthusiastic and
selfless worker. She will remain a perennial source
of inspiration to the staff and students of the college.

FROM THE DESK OF THE CHAIRMAN

Dear Students

“The world continues to offer glittering prizes to those who have stout hearts and sharp swords.”

Having passed through turbulence and turmoil of tremendous changes in the social, political and economic upsurges in our motherland India, I have strongly realized that the greatest service to mankind is through education. Through our motto, “Victory with determination” St. Soldier Educational Society has clearly identified the limitless potential of a student as well as that of society’s own responsibility to be a facilitator of the exploration of this potential through education. Education teaches a positive attitude which is essential for success. Education should be a conscious methodical application of the best means in the wisdom of the ages to the end that youth may know how to live completely in the end I can conclude.

“Education is what survives when what
has been learned has been forgotten”

Anil Chopra

Chairman

St. Soldier Educational Society

FROM THE DESK OF THE VICE-CHAIRPERSON

In an ambience of moral decline, only a righteous institution can play an eloquent role in guiding the future of knowledge seekers. Investing the learners with wisdom and vision St. Soldier College, Basti Danishmandan, Jalandhar is designed to perform this function earnestly. All is possible to him that believeth, who has a definite goal backed by the determination to achieve it, no matter what the odds or obstacles. The world will stand aside and let pass the man who knows where he is going and who strides majestically with steps firm and faith unshaken. Where there is a will, there is always a way and an optimistic and enthusiastic heart will definitely find that way or make it. The way to succeed is to start sooner, work harder and learn more than your competitors. The beginning is the most important part of any work, once you start it gets easier with time.

Sangeeta Chopra

Vice-Chairperson
St. Soldier Educational Society

FROM THE DESK OF THE PRINCIPAL

"Education is the process of training man to fulfill his aim by exercising all the faculties to the fullest extent as a member of society" -Aristotle

ST. SOLDIER EDUCATIONAL SOCIETY (REGD.)

‘When we dream that we are dreaming, the moment of awakening is at hand’

The interpretation of dreams is the royal road to knowledge of the unconscious activities of the mind. This is veracious in case of Mrs. Shanta Chopra, pioneer of St. Soldier Educational Society, when the vision of disseminating education germinated in her virtuous heart. Starting from a single room school in 1958, she ordained a galaxy of St. Soldier Educational Institutions involving 22 colleges, 35 public schools. Sky is not the limit for the St. Soldier Educational Society which is heading towards the decorous mission of unfurling quality education. There is always a room at the top. The society has always been on its way towards conferring quality education, intellectual values and providing India with leading citizens bearing the stamp of uprightness. “To seek, to strive, to find and not to yield” making this a sole motto of his life, Mr. Anil Chopra, Chairman St. Soldier Society has always acted as a pole star perpetually bestowing efficacious steering to the society. As a result the society is diffusing light of higher education especially in the rural areas where such facilities are needed the most.

ST. SOLDIER COLLEGE BASTI DANISHMANDAN, JALANDHAR

(Affiliated to Guru Nanak Dev University, Amritsar)

DREAMING TO FLY ENGENDERING OF THE COLLEGE

Nurtured on intellectual awakening and all sided development of students, St. Soldier College, Basti Danishmandan was set up under the patronage of Mr. Anil Chopra, the Chairman St. Soldier Educational Society in 1997. Today the college stands as a vanguard in the field of education. Being the outcome of the prophetic vision of Mrs. Shanta Chopra, the college breathes academic excellence that permeates through its rich cultural heritage. Ever since its inception in 1997, the college has raced with time and uplifted education to make it more pragmatic and holistic. Today the institution has risen like a academic horizons and each student of the college bears the unique insignia of excellence in education. The college designs the destiny of students with excellence.

ST. SOLDIER COLLEGIATE SCHOOL

(Affiliated to P.S.E.B In the campus of St. Soldier College, Basti Danishmandan, Jalandhar)

We Promise to Go Beyond

The St. Soldier Collegiate School came into existence in April 2004 when Punjab govt. decided to shift senior secondary classes from colleges to schools and Punjab School Education Board, Mohali allowed Colleges to run these classes in the campus of colleges but in a separate block.

Important Information for New Students

The new rules of Guru Nanak Dev University will be applicable to the new students seeking admission in various degree and diploma entry courses in the collage from the academic session 2024-25. As per the requirements of the National Education Policy 2020, the university has implemented credit Based Evaluation and Grading System (CBEGS) from the academic session 2023-24. Its details are as follows :-

• Course Credit

Each course shall have a certain number of credits assigned to it depending upon the academic load of the course assessed on the basis of weekly contact hours of lecture, tutorial and laboratory classes, assignments or field study and/or self study.

Generally, each course shall have an integer number of credits reflecting its weightage. The number of credits of a course in a semester shall ordinarily be calculated as under:

- 1. Lectures/Tutorials :** One lecture hour per week shall normally be assigned on credit. One hour of tutorial per week shall be assigned one credit. Theory courses shall be generally two to four credits, and tutorials one credit each. For determining the credits of a theory course, lectures and tutorials shall be added.
- 2. Practicals :** Two laboratory hours per week shall be assigned one credit. Courses other than Lectures/ Tutorials shall be treated as practical courses.

The Course credits for each course shall be given as L-T-P. For example, 3-1-0 will mean that it is a lecture based course and has 3 lectures, 1 tutorial, and no practical assigned to it. Similarly, a course with 0-0-2 means that it is a practical course with 4 hours of class work. Credit will be assigned to seminar, dissertation, project etc. under the practical component.

Generally the course work per semester will be 20 to 30 credits. A student shall register for a minimum of 20 credits in a semester. Syllabi will be designed with minimum credits required to complete a degree as follows :

Duration of Degree Programme	Minimum Credits
One year	45
Two year	90
Three year	135
Four year	180
Five year	225

• **Grading System :**

The student would be awarded a letter grade on a 10 point scale on the basis of his/her performance. Grades shall be awarded as per the following table:

Common Grading Table

Percentage Marks	Letter Grade	Grade Points
>90 to <100	O (Outstanding)	10
>80 to <90	A+ (Excellent)	9
>70 to <80	A (Very Good)	8
>60 to <70	B+ (Good)	7
>50 to >60	B (Above Average)	6
>40 to <50	C (Average)	5
>35 to <40	P (Pass)	4
Below 35	F (Fail)	0
Absent (Ab)	F (Fail)	0

• **Minimum Credits and Minimum CGPA required for a degree**

The credits for the courses in which a student has obtained 'P' (minimum passing grade for a course) grade or higher shall be counted as Credits earned by him/her. A student shall have to earn a minimum of such number of Credits as may be required for the award of a degree in a particular course/discipline. A student, who has obtained a minimum CGPA of 4 and earned a minimum number of Credits as per scheme as specified for the programme, shall be eligible for the award of the respective degree.

- A student shall be required to maintain a minimum of 4 CGPA at the end of the final semester of his/her degree programme. If his/her CGPA falls below 4 at the end of final semester, the student will be declared as having failed in that particular year and will have to seek readmission in the odd semester of the particular year. For Example : In three year UG programme, the candidate having failed in the (final) 6th semester will have to seek readmission in the 5th semester.
- A student getting 'F' grade in any course will be treated as having failed in that course. If he/she fails in a course, he/she will have to repeat the course and will have to obtain at least 'P' grade in that course within the maximum period to complete the degree for that programme.

A student who does not complete the programme of study within the minimum duration of the course of his/her study, or gets 'F' grade in any course shall not be eligible for any merit position/medal/award of the University.

Note :

- All such students who were admitted under the non-credit based system before the implementation of credit based evaluation and grading system will be governed under the prevalent respective Ordinances of non-credit based system of examination till they pass such classes/courses.
